

# Clearwater Community Survey

Dear Resident,

The Clearwater City Planning Commission recently began the process of preparing a new 20-year plan for the community. Please help us to focus it on issues that matter to you!

The **Comprehensive Development Plan** will recommend policies, goals and priorities to the City Council, offering guidelines for decision-making on land use, community facilities, transportation systems, parks and recreation services, and other issues of public concern. The Plan will encourage development that is sustainable, reflects local needs and wishes, and improves Clearwater's quality of life.

This **Community Survey** is being distributed throughout the Clearwater area, to gain insight from residents both inside the city and in the surrounding rural area. The questions seek to learn your attitudes and wishes on what kind of community you would like to see develop over the next twenty years.

More than one person in a household is welcome to fill out the Survey. We want input from people of all ages, including teens.

**All responses are anonymous**, and will not be used individually. A summary of the Survey results will be included in the City's Comprehensive Plan, and complete results will be available on the City's website.

*We hope you will accept this opportunity to contribute your ideas for creating the City's future!*

A fillable pdf version of the Survey is available at:  
<https://clearwaterks.org/364/2106/Comprehensive-Plan>,  
which can be filled in and emailed back to the City at  
[survey@clearwaterks.org](mailto:survey@clearwaterks.org).

Additional hardcopies can be picked up at the drop-off locations listed below.

**PLEASE RETURN THE COMPLETED SURVEY BY  
MONDAY, NOVEMBER 8th, 2021  
to any location listed below!**

## SIDEWALKS

Sidewalks support pedestrian transportation between neighborhoods and local destinations, such as schools, the library, restaurants and stores. Many of Clearwater's existing sidewalks are in need of repair, and some rights-of-way do not have sidewalks at all.

In existing neighborhoods, sidewalk improvements may be funded by taxpayers at large, by the adjacent landowners, or by both. Sidewalks in new developments may be required as a developer-funded improvement.
